## Summary

Aspiring SOC Analyst getting into the field of Cybersecurity. Has a driven, passionate, and headstrong attitude toward this industry. Positively impacts organizations due to my reliability and the willingness to adapt and learn continuously.

## Technical Training

### SOC ANALYST 2 | RANGEFORCE| 2021

- Prevented a DDoS Botnet attack through Nmap scans, SQL injections, and /bin/bash scripting.
- Conducted digital forensics through Active Directory and Wireshark.
- Investigated sudo escalation privileges; executed cyber kill chain.
- Killed backdoor process CVE-2019-15107 through the removal of parent folders.

### SOC ANALYST 1 ELITE | RANGEFORCE| 2021

- Simulated email phishing attack.
  - Investigated 'source email domain' through email headers.
  - Utilized Splunk to find source Ip, type of attack, and programming language.
  - Determine user account infected and decided best course of action.
- Use of VirusTotal in scanning malicious files and links.
- Created advanced Yara/Suricata rules and implemented them towards dropping malicious Ip.

### CLOUD FUNDAMENTALS | INE | 2021

- Course revolved around 3 of the largest Cloud companies (AWS, Azure, and GCP)
- Created cloud environments that were deployable for production.

### THREAT AND RISK MANAGEMENT W/ NIST 800-53 & MITRE ATT&CK | ATTACKIQ | 2021

- Navigated threat informed defense.
- Built and integrated MITRE frameworks.

### CYBERSECURITY PATHWAY | TRYHACKME | 2021

- Learned and hands on experience with various tools varying:
  - Used Windows Event Logs to investigate, query and document PIDs.
  - Incident Response tools utilizing Volatility and Autopsy.

### SQL NANODEGREE | UDACITY | 2020

- Queried, deleted, and managed SQL Databases.
- Designed, formatted, and migrated information from a previous database to a new platform.

## Work Experience

### SERVER | LETTUCE ENTERTAIN YOU - ABA | 2018-2020

- Helped coordinate best practices when opening up this new restaurant.
- Understood time management and how to effectively process goals under pressure.
- Executed plans of action to help provide a smoother service.

## Education

### BACHELOR OF SCIENCE | 2021-2024 | UNIVERSITY OF HAWAII – WEST O'AHU

Major: Cybersecurity

### ASSOCIATES | 2017-2020 | CITY COLLEGES OF CHICAGO – MALCOLM X

Major: General Studies
